

## METHODS FOR ENHANCING THE BIOAVAILABILITY OF A DRUG

### *Abstract of the Invention*

5           The invention provides methods and compositions for enhancing the  
bioavailability of a drug in a subject. The present invention also provides methods and  
compositions for treating or preventing hepatic injury in a subject in need thereof.  
The invention further provides methods for identifying hydrophobic peptides, *e.g.*,  $\beta$ -  
10 amyloid peptide derivatives, which are useful in enhancing bioavailability of a drug in a  
subject.
